

W. R. & E. RAISES PAY OF EMPLOYEES ANOTHER \$50,000

Announcement of an increase in the wages of its trainmen, effective November 15, was made today by the Washington Railway and Electric Company. The increase affects approximately 900 men, and is the third since the company during the last year. It adds \$50,000 to the annual payroll, the total increase for the year being about \$150,000.

The new scale is as follows: For men employed less than one year, 28 cents an hour; second year, 29 cents an hour; third year, 30 cents an hour; fourth and fifth years, 31 cents an hour; sixth and seventh years, 32 cents an hour; eighth, ninth, and tenth years, 33 cents an hour; and over ten years, 34 cents an hour.

Third Raise in Year.
The first increase was made in March, 1917, at the time of the strike. Contracts were entered into calling for payments of 24 to 30 cents an hour. The previous rate of pay was 24 to 27 cents an hour. In July there was another increase which the minimum pay was established at 26 and the maximum at 32 cents an hour.

"In making this further increase," said Clarence P. King, president, today, "the management of the company realizes that the high cost of food, clothing, and all other living necessities makes it difficult for its employees to get along."

Labour Problem Serious.
The company, Mr. King stated, is doing everything within its power to comply with the standard of street service adopted by the Public Utilities Commission, but the labor problem is becoming more serious every day. From twenty-five to thirty motormen and conductors are being employed each week, he said, to take the place of those who have signed.

MINERS THREATEN TO STRIKE UNLESS PAY IS RAISED

Another wage dispute that may result in a curtailment of production in the anthracite fields of Pennsylvania, unless it is speedily adjusted, loomed before Fuel Administrator Garfield today, when conferences between a miners and operators in that territory developed that they were far from agreement. The men have threatened to strike unless higher pay is granted them.

Both sides today were willing that a settlement be put up to Administrator Garfield for decision.

L. G. LOWRY MADE CAPTAIN.
Edward G. Lowry, Washington magazine writer, and formerly correspondent of the New York Evening Post, was commissioned a captain in a signal reserve corps today, and assigned to duty at the Army War College, including Franklin P. Adams and Stephen A. Bessant, who have been commissioned as reserve officers at War College duty.

**OUT OF MEATS
IF KIDNEYS ARE
TROUBLING YOU**
Uric Acid in meat excites
Kidneys and Irritates
the Bladder.

Noted Authority says we
must flush Kidneys with
Salts if Back hurts.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The blood of this irritating acid, but not sluggish, the eliminative function of the blood is retained in the blood to poison the entire system. When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night, when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning, and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in the urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful after-dinner drink, and a sure remedy for kidney trouble. Little occasionally to keep the kidneys clean and active.
